

3-in-1 Mousepad

The mousepad is supplied with a printed backer card, individually packaged in a transparent PLA bag. PLA is made from corn-based starch.

The backer card is customized with your design on Recystar Nature card stock, which is then laminated with biodegradable laminate to help keep the mousepad in place.

This file contains the Artwork Instructions for the mousepad on the first page and the backer card on page 2. The 3-in-1 feature has three uses: a mouse pad, a screen cleaning cloth, and a screen protector for your laptop between the keyboard.

- Mousepad 8.7" x 7"
- - - Safe area for content 8.2" x 6.5"
- - - Artwork with bleed 9.1" x 7.4"

3-in-1 Mousepad packaging

The backer card is printed in full color. If you want customized graphics on both sides of the card, please supply the graphics on two separate pages.

3in1

Mousepad

It's also a microfiber cleaning cloth, and a laptop keyboard protector

Backer card 8.8" x 7.1"

Safe area for content 8.4" x 6.7"

Artwork with bleed 9.2" x 7.5"
