CHALKBOARD BADGE

Chalkboard name badges are printed using full-color printing on a pre-cut name tag. Printing includes standard CMYK and white color. If your design has any other color than white, a base white is always included underneath the colors to make sure they appear correctly.

Avoid creating lines or a border that follows the outline of the finished product. Minor movements are possible during printing, and an outline would enhance the visibility of that.
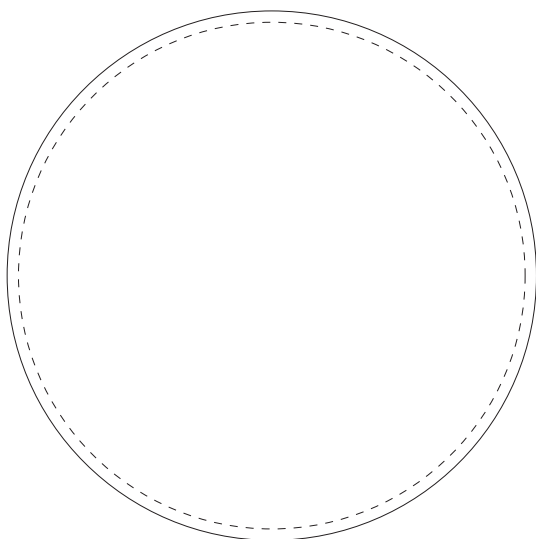

Please provide your artwork in vectorized PDF format and CMYK colors with outlined texts. If you are ordering chalkboard name tags with preprinted names, supply us with your font files and an excel sheet of individual names. Do not supply artwork with names as personalization is done during the printing stage.
